

I do not think that companies should be allowed to own more stations in a market. Already, in the Denver Metro area I find very little diversity in the market place and for the last 2 years no longer listen to local radio stations (same songs over and over again). Instead I listen to Internet Broadcasters from abroad. Think what this indicates for the news services !

Bad idea. Give back those donations Mr. Powell and do the right thing for the American People and our wonderful country.
